EDUCATION

World Bachelor in Business (WBB) — Triple-Degree Program

Expected June 2030
USC Marshall School of Business • HKUST Business School • Bocconi University Los Angeles • Hong Kong • Milan

- Earned admission to one of the world's most selective undergraduate business programs (~10% acceptance rate); awarded a merit scholarship — among the highest the program has granted to a student from Asia.

EXPERIENCE

AI-Based Early Autism Detection Venture

Founder & Executive Director

Astana, Kazakhstan

April 2022 – June 2025

- Founded and led product development from concept through pilot; ranked top-10 among 128 applicant companies evaluated by Astana Hub, the Government of Astana, and Astana Innovations — the only top-10 startup to secure 3 governmental clinic partnerships (peer average: 1).
- Directed fundraising and stakeholder relations: secured ~\$12,000 in funding and negotiated a business-to-government contract with Kazakhstan's Ministries of Health and Digitalization, coordinating a two-month pilot across three major clinics.
- Won Kazakhstan's national "Best Social Project 2024" award (Capital Health Forum), becoming the youngest winner in the award's history; represented the venture on EuroNews, at TEDx Astana, and across 8+ additional media features.

Second Chance at Higher Ed

Lead Intern & Assistant to the Executive Director

Remote / International

June 2025 – July 2026

- Earned a place in a global fellowship among 401 applicants across 60+ countries (<10% acceptance rate); advanced to sole Lead Intern for consistently reliable, high-quality work.
- Coordinated and mentored incoming interns and program participants across a cohort spanning the US, Hong Kong, and Europe, proactively anticipating needs and managing competing priorities under minimal oversight.
- Independently secured \$3,000 in gap-year funding for a fellow student through outreach to a personal mentor contact.

IDA TECH — NURIS Hardware Challenge 3.0 (IHT Central Asia)

Team Lead & Co-Founder

Astana, Kazakhstan

October 2022 – March 2023

- Led an all-female high school team to win ₸300,000 for a 3D-printed skull fixation prototype for neurosurgery, developed with accredited medical specialists — the only high school team, and only all-women team, competing against university-level participants.

Biotech & Environmental Education Venture

Co-Founder

Astana, Kazakhstan

May 2023 – August 2025

- Co-led a venture addressing an ecological crisis in Kazakhstan, securing ~\$13,000 in R&D funding through the country's largest UNESCO-backed ecoventure competition (Turaqty Jol) and representing the project internationally.
- Co-built a practice-based "bioacademy" with 20+ partner organizations, coordinating logistics and content to mentor younger students toward medicine and STEM careers.

Independent Investment Portfolio Management

Self-Directed Investor

Astana, Kazakhstan

2020 – Present

- Independently manage a personal brokerage account since age 14, building an investment strategy to hedge personal savings against Kazakhstan's high inflation while developing financial literacy through self-directed research.

LEADERSHIP & ATHLETICS

Founder & Captain, Debate Club

- Founded and captained the team; won the National Debate Championship and earned National Best Speaker honors multiple times (10+ national awards); designed training curricula and coached teammates to regional victories, including on unfamiliar/unfair motions.

Varsity Athlete — 5 Teams (Basketball, Soccer, Table Tennis, Chess)

- Reselected annually to school varsity rosters across 5 sports over 6 years, earning regional or national recognition each season; core rotation player on the basketball team that went undefeated en route to Regional and National Championship titles (20+ competing schools).

SKILLS & LANGUAGES

Computer Skills: Microsoft Word, Excel, PowerPoint; Canva; Google Workspace (Docs, Sheets, Slides); YouTube Studio and social media management tools.

Languages: English (fluent), Russian & Kazakh (native/bilingual).

Strengths: Proactive, detail-oriented, and coachable — quick to receive feedback and adapt; comfortable owning ambiguous tasks independently and delivering under deadline pressure; strong written/verbal communication, cross-functional collaboration, quantitative reasoning, and stakeholder management.
